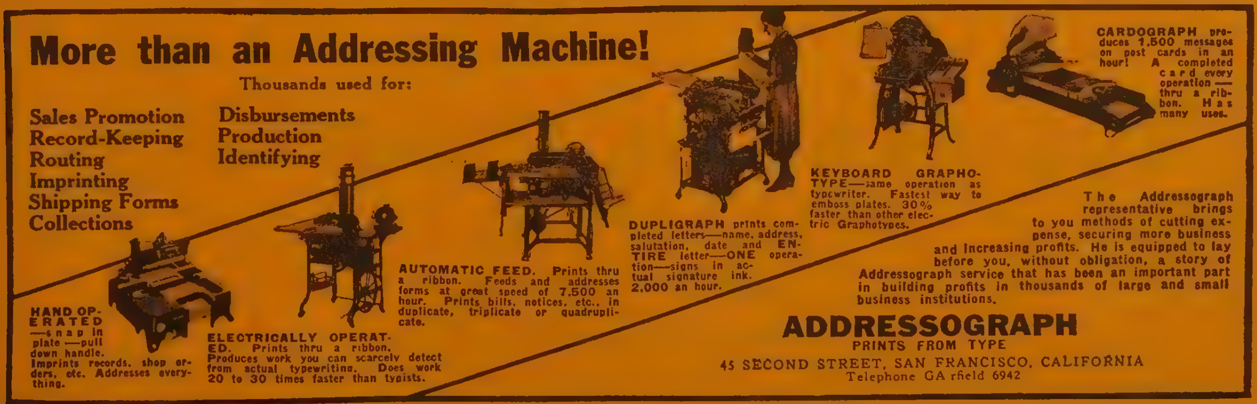
ADDRESSING MACHINES



More than an Addressing Machine!

Thousands used for:

- Sales Promotion
- Record-Keeping
- Routing
- Imprinting
- Shipping Forms
- Collections
- Disbursements
- Production
- Identifying

HAND OPERATED—snap in plate—pull down handle. Imprints records, shop orders, etc. Addresses everything.

ELECTRICALLY OPERATED. Prints thru a ribbon. Produces work you can scarcely detect from actual typewriting. Does work 20 to 30 times faster than typists.

AUTOMATIC FEED. Prints thru a ribbon. Feeds and addresses forms at great speed of 7,500 an hour. Prints bills, notices, etc., in duplicate, triplicate or quadruplicate.

DUPLIGRAPH prints completed letters—name, address, salutation, date and ENTIRE letter—ONE operation—signs in actual signature ink. 2,000 an hour.

KEYBOARD GRAPHOTYPE—same operation as typewriter. Fastest way to emboss plates. 30% faster than other electric Graphotypes.

CARDOGRAPH produces 1,500 messages on post cards in an hour! A completed card every operation—thru a ribbon. Has many uses.

The Addressograph representative brings to you methods of cutting expense, securing more business and increasing profits. He is equipped to lay before you, without obligation, a story of Addressograph service that has been an important part in building profits in thousands of large and small business institutions.

Advertise Your Good Things

Many a limping business is kept from healthful development by the morbid aversion of one of a firm's members to publicity--perhaps he is honestly so conscious of the excellency of his wares that he expects the world to search them out. But the busy world hasn't time. If you have a good thing to sell proclaim it from the housetops. The world wants good things, but it can't discover them in hiding places. Bring them into the market place.

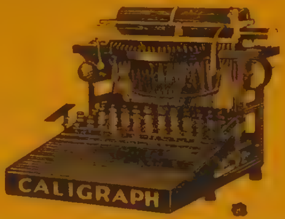
THE OLD TIME METHODS



SPEED! We think of it in terms of the radio, telephone, automobile. What speed the modern typewriter offers. Not so very long ago, policies were written in long hand. Then came the Caligraph, forerunner of the type writer. To go back to the long hand days, when good and fast penmen were in demand; and policy clerks had to make register entries and write applications (now daily reports). Those were the days when women were unknown in that position. Other differences were that policies were as twice as large as at present, and had to be copied in long hand in large registers.

ACCEPTS SURPLUS AND SELECTED BROKERAGE LIFE CASES

Full first year and renewal commissions guaranteed by home office. Adequate medical staff—examinations anywhere, any time. Air mail service on applications and policies—telegraphic inspection releases—policies for delivery in less than a week. Very low net cost—see statistical manuals. Overweight substandard ratings. Policyholders never approached directly or indirectly (aside from collection of premiums) except through agents who wrote cases. Contractual relations between general agents and their staffs scrupulously respected.

IT TAKES 5 TO MAKE
A QUINTETTE AND ALL
THESE 5 QUALITIES TO
MAKE GOOD GASOLINE

ASSOCIATED IS

Equi-fractionated

for

① STARTING
② PICK-UP
③ POWER
④ SPEED
⑤ MILEAGE

FROM the moment you step on the starter to the time you settle back to yield to the joy of full speed ahead, your eager motor demands five vital qualities from the gasoline it consumes. For finest performance it must have them all; Starting, Pick-up, Power, Speed, Mileage — in correct proportion.

That's why Associated Gasoline is Equi-fractionated. Lighter gasoline fractions in vapor form are scientifically blended with heavier fractions — from higher boiling points—to assure, first, Starting and Pick-up, and then Power, Speed and surprisingly long Mileage.

Step by step, just as your car gets under way from low gear to high, Associated Gasoline is Equi-fractionated to supply the successive demands of your motor.

No one quality alone makes good gasoline; it takes them all. Don't be content with less. Stop at the red, green and cream Associated pump and get the interesting "Equi-fractionated" pamphlet picturing this refining care in assuring you a perfectly balanced motor fuel.

UNITED ANCIENT ORDER OF DRUIDS

The order is perhaps the oldest. History speaks of it as an Order of Priests and learned men among the ancient Celts—the race of people who left the parent hive in Asia at a very early period and settled in western Europe. For many centuries preceding the Christian era and at the time of the invasion of the Romans, the Druids was the most prominent and powerful order; they presided over the religious celebrations and were the judges, legislators, philosophers, physicians and instructors of their people. The order first assumed its present charter in England in the year 1771, and was introduced into America in the year 1830. It is a moral, social and beneficial society. Its principles and teachings are derived from ancient Druidism and are founded on reason and sound morality; they do not conflict with any religious system and are perfectly compatible with the laws of any civilized country. In becoming Druids, members are still free men. It is a secret society simply for the protection against abuse of its beneficial provisions. The order is firmly established in all countries inhabited by the Caucasian race, and is the only order that has an International Grand Lodge which meets in quinquennial session. Its objects are: To unite men (irrespective of nation, tongue or creed) for mutual protection, to cultivate social virtues, to encourage in business, to assist in obtaining employment, to foster among its members the spirit of fraternity and good fellowship, and by a well-regulated system of dues provide for the relief of sick and destitute members, the burial of the dead and the protection of widows and orphans.

Names Appearing in Black Letters

IN THIS DIRECTORY are the names of those who *accomplish things* and are entitled to favorable consideration, if for no other reason than their public-spirited support of measures which make for progress. They represent that *energy and push* so essential to the commercial prosperity of the City, and in dealing with them no mistake will be made. The publishers are honored in thus making them better known to the public.

PATRONIZE THEM

This Publication Is the Product of a Member of

Thus assuring you the ultimate service that skill and care can produce in the way of City Directories or other reference media, and providing protection against fraudulent advertising schemes which operate under the name of Directories.

The following "Standards of Practice," adopted at the inception of the Association of North American Directory Publishers in 1898, and strictly adhered to over the years, is your guarantee of satisfactory Directory Service.

The publisher of a Directory should dedicate his best efforts to the cause of business uplift and social service, and to this end pledges himself:

1. To consider, first, the interest of the user of the book.

2. To subscribe to and work for truth, honesty and accuracy in all departments.

3. To avoid confusing duplication of listings, endeavoring to classify every concern under the one heading that best describes it, and to treat additional listings as advertising, to be charged for at regular rates.

4. To increase public knowledge of what Directories contain; to study public needs and make Directories to supply them; to revise and standardize methods and classifications, so that what is wanted may be most easily found, and the Directory be made to serve its fullest use as a business and social reference book and director of buyer and seller.

5. To decline any advertisement which has a tendency to mislead or which does not conform to business integrity.

6. To solicit subscriptions and advertising solely upon the merits of the publications.

7. To avoid misrepresentation by statement or inference regarding circulation, placing the test of reference publicity upon its accessibility to seekers, rather than on the number of copies sold.

8. To cooperate with approved organizations and individuals engaged in creative advertising work.

9. To avoid unfair competition.

10. To determine what is the highest and largest function of Directories in public service, and then to strive in every legitimate way to promote that function.
